Modern Design
& Feel comes
with Modern IT

A survey of 1000 Residents carried out in November 2017 generated the following results when asked what they expect from their estate

Our SMART EState Mobile App has all these covered. Uncover exciting features and add life to the lives of residents.

EASY, FAST & EXCITING

With new technological advancements, its time that estates/societies adopt the technological innovations & transform into a **smart & exciting place to live in.**

01

02

03

In recent times, there are many estates/societies offering wide range of amenities & other features to residents. People need a smart App to interact effortlessly & **organize their living.**

A well managed channel is needed for proper management & communication between society authorities with add on facilities to engage the users & **convert the society into a large well-managed home.**

This is where SMARTESate steps in...

WHAT IS

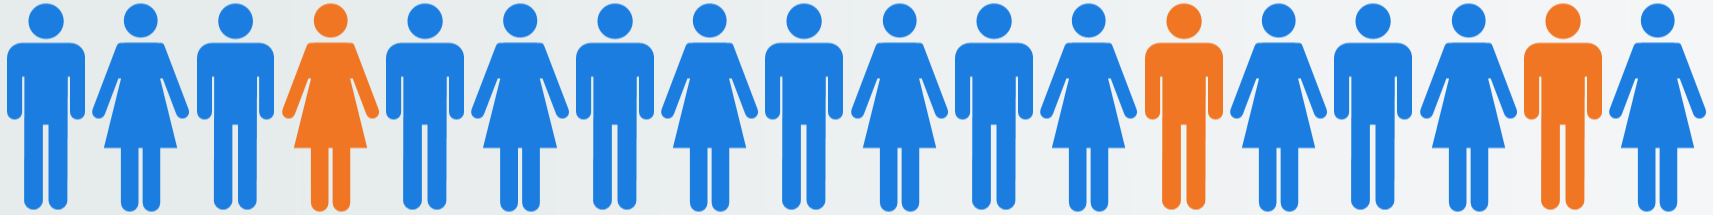

?

A Mobile App based Solution

To manage day-to-day society operations with transparency and hassle-free, a solution specially designed to reduce complexities and provide integrated on demand – access & services

It's my society, It's my estate, we are all together and every one of us matters
